

CURRICULUM VITAE

PHYLLIS L. HENDRY, M.D., FAAP, FACEP

ADDRESS

Work: University of Florida College of Medicine/Jacksonville
 Department of Emergency Medicine
 655 West 8th Street
 Jacksonville, Florida 32209
 Office: (904) 244-4986 or 4072
 Fax: (904) 244-3432
Phyllis.Hendry@jax.ufl.edu

PERSONAL

Place of Birth: Minden, Louisiana

EDUCATIONAL BACKGROUND

Institution	Field of Study	Degree	Year
University of Florida Clinical Translational and Science Institute (CTSI)	Academy of Research Excellence Master Certificate Program	No degree, Master Certificate	January – July 2013
University of Florida Health Science Center/Jacksonville	Pediatric Emergency Medicine	Fellowship	1989-1991
Louisiana State University Medical Center-Shreveport	Pediatrics	Residency and Administrative Chief Resident	1986-1988
Ochsner Medical Foundation	Pediatrics	Residency	1985-1986
Medical College of Virginia	Pediatrics	Internship	1984-1985
Louisiana State University Medical Center-Shreveport	Medicine (MD).	Doctor of Medicine	1980-1984
Louisiana State University, Baton Rouge	Food Science and Technology	Master of Science	1977-1979
Louisiana Technical University	Microbiology	Bachelor of Science	1974-1977

ACADEMIC APPOINTMENTS AND EMPLOYMENT*

*University Medical Center became Shands Jacksonville in 1999 and in 2013 was renamed UF Health Jacksonville.

Institution	Position	Dates
University of Florida COM/Jacksonville	Term Professor	2016-present
UF Health Jacksonville Trauma One Flight Services	Deputy Medical Director, Pediatric Transport and Care	03/2016-present
University of Florida COM/Jacksonville	Professor, Tenured Departments of Emergency Medicine and Pediatrics	07/2014-present

University of Florida COM/Jacksonville	Assistant Chair for Research, Department of Emergency Medicine	07/08-present
University of Florida COM/Jacksonville	Pediatric Emergency Medicine Education Coordinator, Department of Emergency Medicine	6/06-6/08
Community PedsCare Pediatric Hospice and Palliative Care Program- a collaborative of Community Hospice of NE Florida with University of Florida, Wolfson Children's Hospital, and Nemours Children's Clinic	Medical Director, Community PedsCare (full-time, contracted from UF)	3/05-4/06
	Consultant	5/06-1/08
University of Florida COM/Jacksonville	Emergency Medicine Business Group Director and Compliance Officer, Department of Emergency Medicine	7/97-2/00
University of Florida COM/Jacksonville	Associate Professor, Tenured Departments of Emergency Medicine and Pediatrics	6/96-07/2014
University of Florida COM/Jacksonville University Medical Center (Shands Jacksonville)	Associate Chief, Department of Emergency Medicine	4/94-7/97
University of Florida COM/Jacksonville University Medical Center (Shands Jacksonville)	Division Chief, Pediatric Emergency Medicine, Department of Emergency Medicine	7/93-3/05
	Director, Pediatric Emergency Services	
University of Florida COM/Jacksonville	Fellowship Director, Pediatric Emergency Medicine	4/93-6/97
University Medical Center (Shands Jacksonville)	Associate Director, Pediatric Emergency Services	9/91-7/93
University of Florida COM/Jacksonville	Assistant Professor (Tenure Accruing), Departments of Emergency Medicine and Pediatrics	9/91-6/96
Louisiana State University Medical Center/Shreveport Department of Pediatrics	Clinical Instructor	7/88-12/88

STATE APPOINTMENTS

Medical Director for Florida Department of Health's Emergency Medical Services for Children (EMSC) Program (500 hours/year)	10/99-1/05
Appointed Member, Florida EMS for Children Advisory Committee	2005-present

LICENSURE	Louisiana	1984	#017833
	Florida	1988	#0054625

AREAS OF SPECIALIZATION

Board certification in pediatric emergency medicine (ABP ID # 208914)	
American Board of Pediatrics, Diplomat	1989
Sub-Board of Pediatric Emergency Medicine	1992
Recertification exams (1999, 2006, 2016)	

New MOC Cycle Dates January 23, 2018 through December 31, 2023

My main area of specialization and expertise is pediatric emergency care with particular emphasis on patient safety, EMS/aeromedical/prehospital care, pediatric trauma, and education.

My second area of expertise is end-of-life, hospice and palliative care and the related topic of pain management.

My third area of expertise includes research, clinical trials and faculty development with experience in federal, private, PCORI and industry funding or grants.

TRAINING CERTIFICATIONS

Pediatric Advanced Life Support, Instructor	1989-2010
Pediatric Advanced Life Support, Florida Regional Faculty	1992-2003
Pediatric Advanced Life Support, National Faculty	1998-1999
University of Florida Training Center, Director	1998-2003
Advanced Cardiac Life Support, Provider	1988-2010
Advanced Trauma Life Support, Provider	1989-Present
Advanced Pediatric Life Support, Instructor	1993-Present
Pediatric Education for Prehospital Professionals, Course Director	2000-2006
Advanced Hazmat Life Support Provider/Instructor	2002-2006

PROFESSIONAL MEMBERSHIPS, APPOINTMENTS AND ACTIVITIES

International

International Association for the Study of Pain	2014-Present
--	--------------

National

American Academy of Pediatrics (fellow)

Member	1988-present
Emergency Medicine Section	1991-present

TERIPEM Committee of the Section of Emergency Medicine (Training Emergency Residents in Pediatric Emergency Medicine)	1993-1994
Emergency Medicine Fellowship Directors Committee Section on Emergency Medicine	1993-1997
Three-Year Fellowship Curriculum Committee	1995-1996
Pediatric Emergency Medicine in Non-children's Hospital Subcommittee	2000-2010
Pediatric Emergency Medicine Collaborative Research Committee	2008-present

EMS Subcommittee	2012-present
Council on Injury, Violence and Poison Prevention (COIVPP)	2016-present
Section on Transport Medicine	2016-present
American College of Emergency Physicians (fellow)	
Member	1990-present
Pediatric Section	1991-present
Research Section	2008-present
Pain Section	2016-present
Member (Appointed) of Pediatric Committee	2000-2007
Mental Health Emergency Lead	
ACEP representative to National Association of EMT's	
Partnership for Children MCHB EMSC Grant.	2000-2002
Clinical Policies Subcommittee on Pediatric Fever (appointed)	2007-2013
Alternate Councillor, Section of Pediatric Emergency	2011-2013
Co-chair Pediatric Section Research Subcommittee	2012-2014
Councillor, Section of Pediatric Emergency	2013-2015
Member, End of Life Task Force	2015-2016
American Heart Association	
Appointed to Pediatric Advanced Life Support (PALS)	
National Faculty	1998-1999
American Medical Association	
Member	1991-Present
Alpha Omega Alpha	
Member	1984-present
American Pain Society	
Member	2011-present
American Society for Healthcare Risk Management	
Member	2010-present
Council of Emergency Medicine Residency Directors	
Member	2011-present
Emergency Medicine Patient Safety Foundation	
Member	2010-2015
Emergency Medical Services for Children (EMSC)	
National EMSC Data Analysis Resource Center (NEDARC)	
Advisory Board Member	2002-2004
National EMSC Partnership for Children Stakeholder Group	
State Grantee Representative	2003-2004
National Association of EMS Physicians	

Member Research and Pediatric Subcommittees	2012-present
Pediatric Trauma Society (member) Research Committee	2016-present 2017-present
Society for Academic Emergency Medicine Member Pediatric Interest Group Committee Palliative Care Interest Group Committee Research Directors Interest Group Member (Appointed) of Faculty Development Committee Member (Appointed) of External Collaborations Committee Member (Appointed) of Awards Committee	2008-present 2008-present 2008-present 2008-present 2012-2015 2012-2013 2012-2015
Society for Pediatric Sedation (Member)	2015-present
<u>State</u> American Heart Association, Florida Affiliate Pediatric Advanced Life Support State Subcommittee	1992-1998
Florida College of Emergency Physicians Member Medical Economics Committee Board Member Academic Affairs Committee Pediatric Committee	1992- present 1995-2004 2000-2004 2011- present 2015- present

Managed Care Committee	1994-2001
Utilization Management Committee	1994-1997
Credentialing Committee	1993-1998
Chair, Subcommittee on Allied Health Professionals	
Co-Chair Pediatric Trauma Performance Improvement and Patient Safety Committee (PIPS)	2017-2018

GRANTS AND CONTRACTS

External Funding

Role	Agency	Grant Title & Dates
Sub-Investigator and UF Site Principal Investigator	Alere Scarborough, Inc.	Collection of Nasal and Mid-Turbinate Swab Specimen for use in Development of a Rapid Diagnostic Test for Influenza A&B” Feb 2018-May 2018
Sub-Investigator and UF Site Principal Investigator 3% plus patient costs	National Institute of Mental Health Primary with University of North Carolina, Chapel Hill 1U01MH110925-01	Longitudinal Assessment of Post-Traumatic Syndromes (AURORA study) 2017 - present
Sub-Investigator and UF Site Principal Investigator	Alere Scarborough, Inc.	Nasopharyngeal Swab Specimen Collection for the Detection of Respiratory Syncytial Virus January 2017 - October 2017
Sub-Investigator and UF Site Principal Investigator	Alere Scarborough, Inc.	Evaluation of the Clinical Performance of the modified Alere™ i Strep A Test January 2017 - September 2017
Sub-Investigator and UF Site Principal Investigator	Alere Scarborough, Inc.	Evaluation of the Clinical Performance of the modified Alere™ i Influenza A&B Test December 2016 - September 2017
Principal Investigator (25%)	FMMJUA-Florida Medical Malpractice Joint Underwriting Association	Alvin E. Smith Safety of Health Care Services Grant titled “Emergency Medicine Patient Safety and Education Center (EMPSEC)” 07/01/ 2016 – present
Sub-Investigator (June 2016 – present) UF Site Principal Investigator (January 2016 – June 2016)	RedHill Biopharma Ltd.	Randomized, Placebo-Controlled, Phase 3 Trial of RHB-102 (Ondansetron 24 mg Bimodal Release Tablets) for Presumed Acute Gastroenteritis or Gastritis 01/28/16 – 12/2017
Sub-Investigator and UF Site Principal Investigator 1%	Alere Scarborough, Inc.	Evaluation of the Clinical Performance of the Alere™ i RSV Test December 2015 – September 2016
Sub-Investigator	Zoll	Ambulatory Post-Syncope Arrhythmia Protection Feasibility Study Protocol April 2015 – March 2016
Principal Investigator (20-25%)	FMMJUA	Pain Assessment and Management Initiative (PAMI): A Patient Safety Project 07/01/14-10/31/16
Sub-Investigator and UF Site Principal Investigator	Venaxis	Noninterventional Blood Sample Collection Study in Adults With Suspected Acute Appendicitis 05/2014-06/2015

Co- Principal Investigator 15% Year 1 and 10% years 2-3	PCORI The Patient-Centered Outcomes Research Institute (PCORI) is authorized by Congress to conduct research to provide information about the best available evidence to help patients and their health care providers make more informed decisions.	An Emergency Department (ED)-to-Home Intervention to Improve Quality of Life and Reduce Hospital Use 01/14/2014-01/2017
Investigator Site PI	Emergency Medicine Foundation Health Policy Grant	Implementing an ED to Home Transition Intervention July 1,2013-June 30, 2014 The overall objective is to determine effect of The Care Transition InterventionSM (CTI), an evidenced-based transitional care model, on empowering adults discharged from the ED to engage in disease self-management and secure timely and appropriate outpatient medical care
Co-investigator	American College of Emergency Physicians Section Grant	Evaluation of Current ED Pediatric Concussion Discharge Instructions 06/2013-2015
Co-investigator	National Institute on Aging. Primary with University of North Carolina, Chapel Hill	Persistent Pain and Associated Physical Function Decline Among Elderly Individuals Experiencing Minor Motor Vehicle Collision 2011-10/2015
Sub-Investigator and UF Site Principal Investigator 3% salary with cap	RO1 National Institute of Arthritis and Musculoskeletal and Skin Disease Primary with University of North Carolina, Chapel Hill	Applying the Biophysical Model to Post-MVC Pain Development in African Americans. 1RO1AROG0852-02 (2011-2016) 09/01/2012-09/2015 The goal of this study is to identify high risk patients, understand biological mechanisms mediating the development of persistent musculoskeletal pain and psychological sequelae, and develop secondary pharmacological and/or behavioral interventions to prevent chronic pain and psychological sequelae in African Americans experiencing traumatic events.
Sub-Investigator and UF Site Principal Investigator No salary	Venaxis	The Performance of the APPY1 Test in the Evaluation of Possible Acute Appendicitis in Children, Adolescents, and Young Adults Presenting to the Emergency Department. Investigates use of biomarkers in patients 0-21 years of age with abdominal pain. December 2012-December 2015
Co-Principal Investigator 4%	Riverside Hospital Foundation Grant	ED Palliative Care Project 08/22/12- 05/15 The overall goal of this proposal is to improve care for patients with life limiting illness as well as their caregivers by developing an ED algorithm for assessing stage of disease, disability, health literacy, pain, advance directives, and patient-family goals of care in order to determine action points for initiating orders and referrals.
Sub-Investigator and UF Site Principal Investigator	KL2 NIH National Center for Advancing Translational SciencesRO1 Primary: University of North Carolina, Chapel Hill(5KL2RR025746-03)	Outcome of Elderly Patients Treated in the Emergency Department After Motor Vehicle Collision 04/27/2011- 12/2015 The goal of this study is to determine a combination of characteristics that predict for persistent neck pain at 6 months following injury occurrence in individuals over age 65

Initial Principal Investigator	Dyax PAREXEL International	Evaluation of Ecallantide for the Acute Treatment of Angiotensin Converting Enzyme Inhibitor Induced Angioedema March 2012
Principal Investigator No PI salary support	MedLogic Global, Ltd	A prospective, single-center study to evaluate the use of LiquiBand™ skin adhesive in the closure of scalp wounds. 02/01/2011-2012 The goal of this study was to demonstrate that LiquiBand™ skin adhesive provides the strength required for successful scalp wound closure.
Sponsor of PEM Fellow (Sima Patel) No salary support	Sixth Break the Cycle of Environmental Health Disparities in Children Grant Agency for Toxic Substances and Disease Registry, Environmental Protection Agency award to Pediatric Environmental Health Specialty Unit, Emory University	Break the Cycle 2011 Third-hand smoke (THS) exposure in pediatric patients. The aim of this project was to break the cycle of tobacco exposure in low-income, minority children by providing parents and caregivers with a brief-intervention by the MD or health educator regarding THS. This pilot study included care-givers who smoke and presented to the pediatric ED with their child (2yrs and younger).
Principal Investigator 10% Year 1, 25% Year 2-completion	Florida Medical Malpractice Joint Underwriting Association (FMMJUA) Alvin E. Smith Safety of Health Care Services Grant Program	Pediatric Emergency Care Safety Initiative (PECSI) 01/01/2010-10/31/2012 The goal of this project was to improve patient safety by developing multi-media educational modules for emergency care providers in regard to treating children in emergent situations; specifically recognition and management of medically and medico-legally high risk children and safe medication dosing.
Sub-Investigator and UF Site Principal Investigator 2% Salary with cap	RO1 National Institute of Arthritis and Musculoskeletal and Skin Disease Primary: University of North Carolina 1R01AR056328(2008-2013)	Genetic Predictors of Acute & Chronic Musculoskeletal Pain After Minor MVC 08/30/2010-9/30/2012 To determine whether information among European Americans, collected in the ED immediately following motor vehicle collision (MVC), can predict the development of chronic pain, or psychological sequelae, 6 months and 12 months later.
Sub-Investigator and UF Site Principal Investigator 2% PI	RO1 National Institute of Arthritis and Musculoskeletal and Skin Disease Primary: University of North Carolina 1R01AR05632 Diversity Supplement	Applying Biopsychosocial Model to Post MVC Pain Development in African Americans 01/05/2010-9/30/2012 NIH-NIAMSD The goal of this pilot study is to determine among African Americans, whether information collected in the ED immediately following motor vehicle collision (MVC) can predict the development of chronic pain, or psychological sequelae, 6 months and 12 months later.
Investigator (1%)	Department of Defense	Military Physician Combat Medical Training Naval Health Research Center 09/29/2008-9/28/2011 Developed training materials and elearning for deploying military medical providers to optimize trauma care delivered to our troops in Operation Iraqi Freedom and Operation Enduring Freedom. Materials now used extensively for pre-deployment training and in forward deployed combat settings.

Co-Principal Investigator No salary support	Northeast Florida AHEC	Tobacco Grant UF&Shands Jacksonville Tobacco Free Campus 2009-2010
Co-Principal Investigator	Florida EMSC State Partnership Grants DHHS/HRSA (Maternal Child Health Bureau) and National Highway Traffic Safety Administration	2005-2007
Co-Principal Investigator No salary support	Robert Wood Johnson Foundation Injury Free Coalition for Kids (IFCK) Grant at Shands Jacksonville	11/01/03-10/31/06 Goals were to expand the current Shands Jacksonville injury surveillance system to geographic areas of high injury frequency and severity as defined by pilot study data, to enhance prevention initiatives related to Safe Driving; Seat Belt Safety; Bicycle Safety; Safe Ways to School, and to further develop our IFCK local site
Co-Principal Investigator	Florida EMSC State Partnership Grants DHHS/HRSA (Maternal Child Health Bureau) and National Highway Traffic Safety Administration	2002-2004 Lead author and PI of grant Administered by Florida DOH
Co-Principal Investigator No salary support	State Trauma/EMS Grant DHHS/ Maternal Child Health Bureau	2000
Co-Principal Investigator	Florida EMSC State Partnership Grants DHHS/HRSA (Maternal Child Health Bureau) and National Highway Traffic Safety Administration	1999-2001 Lead author and PI of grant Administered by Florida DOH
Principal Investigator No salary support	Children's Miracle Network	1999-2005 (information not available for all years due to move by CMN office and paper files lost) 2000-Fluoroscopy in Pediatric Emergency and Trauma Patients 2001- Child Friendly ED and Equipment 2002-Pediatric Emergency Monitoring 2003- Pediatric Emergency Orthopedic Improvements Pediatric Emergency Educational Enhancements 2003 2004- Pediatric Resuscitation Simulation Training
